SIMPLA PHI LEX PROJECT

Two students needed for 1-unit internship with Simpla Phi Lex for Fall Semester 2015

The Simpla Phi Lex project, under the direction of Judge Dean Christoffel of the Pima County Superior Court, is a collaboration between the Superior Court and the University of Arizona in which law students work with students from the English Department to produce user-friendly instructions and forms for unrepresented litigants. This year the project will focus on (1) simplifying the instructions and forms for obtaining minor guardianships in probate court, and (2) developing instructions for presenting evidence and argument at hearings in family court. A preference will be given to students who have taken Evidence.

Please contact Professor Barbara Atwood, batwood@email.arizona.edu, if you are interested.
